*+923061212832*  
*Lahore, Punjab*

Graduate of the University of Central Punjab with BS in Computer Science, equipped with certifications in Python. Passionate about leveraging technical expertise to build efficient applications. Dedicated to continuous learning and impactful collaboration in the field of software development.

## Work Experience

**Intern**  
*SSA Soft*

May 2025 - Present

## Projects

**Python Backend FastAPI**

May 2025 - Jun 2025

Built a FastAPI backend for a social media app with PostgreSQL and Alembic, enabling user authentication and full CRUD functionality for posts.

**Python Backend Django**

Jun 2025 - Aug 2025

Developed a Django REST Framework backend for an e-commerce app with session-based customer operations and user/vendor authentication, supporting product browsing, cart management, checkout, and secure user registration/login. Tested APIs using Postman.

## Volunteer Experience

**Associate**

Sep 2024 - Sep 2024

*Alkhidmat Foundation Pakistan*

We planted plants with Alkhidmat Mega Plantation drive 2024 to help for a better environment.

## Core Skills

Python (Programming Language), Django, FastAPI, Postman, GitHub, Microsoft Visual Studio Code, Web Applications, Problem Solving, Database Management System (DBMS), Microsoft Visual Studio C++

## Education

University Of Central Punjab

Oct 2020 - Oct 2024

BSCS Computer Science

## Certificates

Certified Entry-level Python Programmer (PCEP-30-02)
